

Thursday 15th October 2020

Dear Parents/Carers,

COVID UPDATE

As we near the end of this half term I would like to take this opportunity to say thank you so much for your support in ensuring such a successful return to school for all our children from September. It was fantastic to see them back after such a long time away from school and all our staff were so pleased to return to their own classroom.

Today the Government has announced that London is to move up to the tier 2, high alert level. Therefore, I wanted to write to assure you that we continue to do as much as we can in school to implement safety measures to keep all our staff and children safe. To date we have had no confirmed cases of Covid 19 in our school and we would really like to keep it this way for as long as possible.

I am asking all parents, once again, to continue to be extremely vigilant when collecting and dropping your child off at school. Our new procedures have worked very well so far because of your co-operation, patience and understanding. Please continue to keep all members of our school community safe by sticking to a 2m distance, where possible, outside the school gates and please be punctual at all times.

Further information is available in our updated [Guidance for Parents](#) and [risk assessment](#) documents that can be found on our school website. We would be very grateful if you could spend a short time reading through this information.

Finally, I hope that we will be able to congregate again in the near future. I cannot wait to welcome you all back through the school gates when the time is right.

Yours sincerely,

Jayne Mitchell
Executive Headteacher
